

Dear Service Wrap,

The services you have provided our company of website promotion has been amazing in less than a month we could see our website in Google pages that we thought we could ever reach. It has been a pleasure interacting with your customer care who made us feel as part of the Servicewrap family.

From the time we inquired about the services you will provide us to even after we made payments, your response to us has been great. We had discounts and refunds effectively refunded on time.

Our website as promised has been ranked in Google in the top ranks and whenever we had a problem you were there to help and clarify. You are truly a reliable company and we feel it is worth the money. We made the correct choice when we chose Servicewrap.

Thank you for everything you have done for Kairi Tours & Safaris and we will continue working hand in hand with you.

We do recommend you to any company who want the clients to know they exist in internet.

Regards,

Paul Mugeke
